

Croft-Reproduction**Progesterone Level Request Form**

- Start testing from day 5-7 from the first day of bleeding (even earlier in bitches with a history of short seasons).
- Serum required: either, collect blood into plain tube, allow to clot and separate serum or collect into gel tube centrifuge and separate serum into plain tube. Do not send in serum gel tubes.
- Chill before sending to address below

**PLEASE COMPLETE FORM FULLY AND CAREFULLY.
INCOMPLETE OR INACURATE DETAILS MAY DELAY YOUR RESULTS**
